¹ K2 student are allowed to go only for one semester, not an entire academic year. You are allowed to apply to a University where the exchange is foreseen for 2 semesters, with the understanding that you apply for only one semester.

² Only the mentioned semester is available

³ BA means that only courses are offered at the Bachelor level, no Master courses. It is possible to request the University for permission to follow Master level courses, but this is not guaranteed. Although K2 is a Master program, you are allowed to apply to Universities with whom only a Bachelor level agreement exists, as long as you can show that courses are offered that meet the requirements.

⁴ There is one place for a student to study entirely in English, the second and third students will have to study (partly) in Spanish and must therefore fulfill the Spanish language requirement.
